Launch Vigorous Attack on British Positions.

SOME TRENCHES ARE TAKEN

London War Office Admits Loss of About Six Hundred Yards of Lines, but Declares That Part of That Was Subsequently Recaptured.

London, May 12.—After long preparation the Germans have launched their assault on the British front.

Berlin announces the storming of several British trenches near Hulloch, north of Lens. The war office admits the loss of about 500 yards, but declares that a part of that was subsequently recaptured.

At the same time two attacks were made on the Belgians holding the Yser. Although they were the first movements attempted by the Germans on this sector in months the Belgians were fully prepared. Both attacks were beaten off with heavy losses.

On the west bank of the Meuse the French have taken advantage of the slackening of the German attack to launch counter moves of their own.

Several trenches on the west slope of Hill 304 were retaken, while an intense artillery fire raged about Dead Man's hill indicates that another assault is soon to be delivered in that sector.

Only east of the Meuse, about Vaux and Haumont, have the Germans attempted any advances. These were promptly checked.

New Battle Developing.

Observers here link the diminishing attack at Verdun with the offensive against the British and Belgians as the opening phase of a new battle on the west front.

For several weeks such a move by the Germans has been anticipated. It has been known that approximately 500,000 troops—mostly composed of this spring's levies—have been massed against the British lines.

This attack was delayed, however, by the failure to capture Verdun on schedule time.

Petrograd reports further progress for the Russians fighting against the Turks near the Persian frontier, with Bagdad as their objective. Here the Turks attempted to take the offensive, but Petrograd says the movement was repulsed.

Farther north, near Ashkaba, which is situated some fifty miles west of Erzerum, the Russians claim to have made further progress westward. This, however, is at variance with the claims of Constantinople, which says the Russians driven out of their positions at Mount Kope, west of Erzerum, are making every effort to maintain themselves in new positions.

MINNESOTA WELL TO FRONT

State Leads in Red Cross Seal War on Disease.

Washington, May 12.—Direct financial economy of combating tuberculosis was illustrated at final sessions of the National Association for the Study and Prevention of Tuberculosis. The American Red Cross announced winners of competitions on sale of Christmas seals last year.

Rhode Island won first place among states of Class A, with a sale of 2.29 seals per capita.

Minnesota ranked first in Class B, with 1.34 and New York first in Class C with 1.8.

The classes were based on population figures.

ADMITS KILLING RANCHER

Youth Shot Bachelor From Ambush to Obtain Money.

Butte, Mont., May 12.—Ernest Arnold, fifteen-year-old son of Clarence Arnold of Bear Creek, has confessed, the police say, to the murder of Charles Steiner, a bachelor rancher, whose frozen body was found by neighbors Jan 12 in a hog pen near his ranch cabin.

The boy, according to the police, says he shot the rancher from ambush. Robbery was the motive.

NOTED COMPOSER IS DEAD

Dr. Max Reger Expires in Leipzig From Heart Failure.

Leipzig, May 12.—Dr. Max Reger, one of the leading contemporary German composers, is dead. Death was due to paralysis of the heart.

Kills Two and Escapes.

Leavenworth, Kan., May 12.—Sergeant James C. Jackson and Miss Ernestine Brown, twenty-two years old, were killed and an unidentified woman was severely wounded by William White, a negro, who escaped.

SIR EDWARD GREY.

British Foreign Minister Favors Enforced Peace.

FAVORS ENFORCED PEACE

British Foreign Minister Approves of League's Object.

New York, May 12.—Theodore Marburg of Baltimore, formerly United States minister to Belgium, at a dinner given by him here to members of the League to Enforce Peace, told of an interview he had with Sir Edward Grey in which the British foreign minister said he is wholly in favor of the plan of the League to Enforce Peace. "I found other leading men in England quite in sympathy with President Wilson's aspirations for some sort of joint guarantee of peace on the part of the great nations," said Mr. Marburg.

"Indeed, I have come home convinced that there is a real prospect of the great ideal of the League to enforce peace being carried out after the war."

TWO MORE IRISH LEADERS EXECUTED

Dublin, May 12.—James Connolly and John McDermott were shot for complicity in the rebellion.

James Connolly was styled by his associates commanding general of the Irish republican army. He was one of the seven signers of the proclamation issued by the insurgents at Dublin at the outbreak of the revolt.

Connolly was wounded during the fight and was taken prisoner. His thigh bone was broken by a bullet. It was announced in London last week that he could not be placed on trial at the time on account of his wounded condition.

John McDermott was known as one of the most brilliant orators in Ireland and as one of the so called inner circle of revolutionists in the recent uprising.

GERARD IS ASKED TO ASSESS CERTAIN PENALTY.

Washington, May 12.—Secretary Lansing announced he has asked Ambassador Gerard at Berlin to ascertain the nature of the punishment imposed by the German government on the commander of the submarine which sank the steamer Sussex. Mr. Lansing said the request was not in the nature of a formal inquiry.

POLICE TO HAVE WIRELESS

Apparatus Being Installed in New York Headquarters.

New York, May 12.—The introduction of wireless telegraphy into the police department of this city for use in time of war or other emergencies was begun when work was started on the installation at headquarters of apparatus which will have a sending of 500 miles.

It is planned later to equip the more important stations in the city with radio outfits and to establish wireless communication with various army and navy coast defense posts.

GOLD SENT FROM CANADA

Shipment of \$4,000,000 Going From Ottawa to New York.

Ogdensburg, N. Y., May 12.—A consignment of gold, reported to amount to \$4,000,000, passed through Nyando, N. Y., on the way from Ottawa to New York. It was in charge of armed guards.

GERMAN COMMANDER PUNISHED FOR HUMILIATING GOVERNMENT

Bread Riots in Hanneheim Cause Loss of Life—Reserve Force of 654,000 Men in Army Bill

Villa has Been Heard from Again, this Time with 100 Followers at Ranch Near La Ascension

Watchful Waiting Mexican Situation

(By United Press)

Washington, May 12.—The Mexican situation has simmered down again to watchful waiting. Shortening of the communication line is practically completed and meanwhile the Carranzistas are patrolling the Parral district. The hope of getting Villa is small. One great question is the fear that Carranzistas will be kept in check after it is known that the United States has refused to withdraw their troops.

Move the Line Back to Colonia Dublan

(By United Press)

Columbus, N. M., May 12.—The 200 motor trucks are all in service engaged in moving the line of communication back to Colonia Dublan.

Villa Bobs up Again at Carrizo Ranch

(By United Press)

Field Headquarters, with American Army, May 12.—Villa, with 1100 followers has bopped up again at a ranch near Carrizo, 40 miles northwest of La Ascension. At the army location the news caused little commotion, and the redistribution of troops continued.

Quiet at El Paso

(By United Press)

El Paso, May 12.—El Paso and Juarez are quiet, owing to the absence of army men and war reporters who left after the failure of the conference between Gena. Scott and Obregon.

Mannheim Food Riots

(By United Press)

London, May 12.—A dispatch from Geneva says that unprecedented food riots occurred at Mannheim last Saturday, the militia using machine guns and 500 were killed and wounded. Fugitive arriving from Basel, Switzerland, brought the story.

Reserve Force as Proposed in Bill

(By United Press)

Washington, May 12.—A reserve force of 654,000 men is proposed in the army bill which the senate and house conferees reported in both branches of congress after a week's close conference. It is proposed that the regular army of 180,000 to be expanded to 220,000 upon short notice, with the national guard as the reserve line, and the building of a government nitrate plant.

Republican Leaders Reserving Quarters

(By United Press)

Chicago, May 12.—Republican leaders are reserving lake steamers, private steamers, private homes and pullman cars to care for the huge crowds that will be here during the republican national convention, on account of the hotels all being taken. John Wright of New York, arrived to sound out the republican sentiment regarding Elihu Root, preparatory to opening Root headquarters May 27.

Great Outpouring Single Principle

(By United Press)

New York, May 12.—There was the greatest outpouring for the single principle of preparedness ever witnessed in this city. With the crash of military music thousands upon thousands of men and women marched in an unbending stream through the busy commercial part of the city in 64 divisions, the parade lasting from 9:30 this morning until 10 to night.

IRISH SUSPECT RELEASED

(By United Press)

London, May 12.—A large number of Dublin rebel suspects who were arrested on suspicion have been released from prison as a result of Premier Asquith's visit to Dublin.

SEVERE PUNISHMENT COMMANDER SUBMARINE ATTACKING SUSSEX

The Hague, May 12.—Belief is based largely upon the indignity throughout Germany, on account of his deception, that the most severe punishment was meted out to the submarine commander who attacked the Sussex, although an official report regarding the punishment has not been made public. His report to his government implicitly proved to Germany that they were not responsible for the attack until America proved to the contrary, and on account of this it was considered that Germany was humiliated. Two important steps maintain to friendly relations with America. First, the submarine concessions; second, the suppression of the Teutonic plots in the United States and an American propaganda in Germany. Ambassador Gerard received several threatening letters because it was reported that he tipped off the Dublin riots in advance to England. Germany disclaimed all responsibility for the Teutonic plots in the United States.

Shot Stock Up

(By United Press)

New York, May 12.—Munition shares on the stock exchange sold up when the preparedness parade passed.

GERMAN MINISTER RESIGNS

(By United Press)

Copenhagen, May 12.—Dr. Clemens Delbruick, German minister of the interior and vice chancellor of the German empire, has resigned because he was unable to conserve the German food supply following the kaiser's demand.

Berlin, May 12.—It is semi-officially announced that Dr. Delbruick minister of the interior, resigned on account of ill health, suffering from diabetes.

REPULSED WITH HEAVY LOSS

(By United Press)

Paris, May 12.—An official report says that a heavy German attack near Fort Dauaumont and Thiaumont, near Verdun, was preceded by a violent bombardment and repulsed by heavy losses. The French are not yielding a single inch.

GENERAL A. L. MILLS.

May Head Militia in the Mexican Invasion.

Photo by American Press Association.

Brigadier General Albert L. Mills is at the head of the national militia. He may be called upon to lead his men into that country should conditions warrant the sending of all men available.

Appointed Clerks Relected this Fall

(By United Press)

St. Paul, May 12.—The state supreme court denied the motion for the rearrangement of the constitutionality of the term law for district clerks. Assistant Attorney General Hilton gave Secretary of State Schmahl an opinion that district court clerks appointed to fill unexpired terms must be elected this fall if they desired to hold the office.

BULGARIA WITHDRAWS TROOPS

(By United Press)

London, May 12.—Bulgaria is withdrawing troops from the Rumanian frontier and shifting them to the Salonika front in anticipation of an allied offensive.

PENALTY OF ROCKING BOAT

St. Paul Man Drowned, but Two Companions Escape.

St. Paul, May 12.—Rocking the boat in the middle of Silver Lake, North St. Paul, Antonio Mergencepp overboarded the light craft and was drowned.

His companions, Ida Schroeder and Michael Smith, bartender, were plunged into the water.

Smith swam to Mrs. Schroeder, regained a hold on the overturned boat and the two were saved.

FARMER KILLED BY CHILD

Daughter Starts Tractor Which Runs Over Father.

Whatcheer, Ia., May 12.—Ollie Bates, a farmer near here, was injured fatally when both legs were crushed by a tractor which had been started by Bates' five-year-old daughter.

While the tractor was working under the machine the child pulled a lever that started it.

MAY CALL OUT MORE MILITIA

Action Will Be Taken if Mexican Raids Continue.

POLICY REMAINS UNCHANGED

Failure of the Military Conference at El Paso to Reach a Definite Agreement Has Not Altered the Attitude of the Administration.

Washington, May 12.—Should raiding of American towns on the border be renewed by Mexicans more state troops will be called out by President Wilson.

Whether the bandits leave a hot trail the army will not hesitate to pursue them into Mexico.

This was made plain after the cabinet meeting at which it was indicated General Pershing's expedition will remain in Mexico.

Failure of the military conference at El Paso to reach a definite agreement has brought no change on the part of the administration's policy toward Mexico.

There was no evidence among the administration officials of greatly increased concern over the events at the border and in Mexico.

President Wilson left for a week end trip down Chesapeake bay on the naval yacht Mayflower. Secretary Baker went to Atlantic City and Newark, N. J.

The text of General Scott's report of his final discussions has not been made public.

There are indications, however, that he arrived at something in the nature of a gentleman's understanding with the Mexican war minister, though it possibly had no more definite form than a statement by each side what steps it purposed taking toward checking raids along the Texas border.

SHIPBUILDING SETS RECORD

Steel Merchant Vessels Being Supplied in Great Numbers.

Washington, May 12.—Steel merchant vessels building or under contract in the United States now number 358 or more than 1,000,000 tonnage. A statement by the department of commerce said these figures denoted the greatest shipbuilding activity the country has ever known and that every shipbuilding plant was working to capacity.

Only two vessels exclusively for passenger traffic are building in this country.

DESIRES FEWER SALOONS

Chicago Brewers' Association Asks Better Law Enforcement.

Chicago, May 12.—Hearty agreement with the sentiment for reducing the number of saloons in this city was expressed in a report made by the Chicago Brewer's Protective association to the Chicago commission on the liquor problem. The brewers recommend strict enforcement of the licensing laws and revocation of licenses for violation of laws and ordinances.

SPECIE PAYMENTS STOPPED

Government Banks in China Halt Redemption of Paper Money.

Peking, May 12.—The government has declared a partial moratorium, announcing that the Bank of Communications and the Bank of China, government institutions, will not pay out deposits and will not redeem paper money with gold or silver.

The mandate states that the great demand for silver threatens to deplete the reserves.

TRIP TO MONTANA IN VAIN

St. Paul Man Sought Revocation of Order Never Issued.

Billings, Mont., May 12.—It is a vain trip M. W. Thatcher of the Equity Grain exchange in St. Paul has made to Helena to have revoked an alleged order requiring all money received from stored grain sales by farmers' elevators must be deposited in state banks. State Grain Inspector Templeton declares no such order has been made.

POVERTY IS DISEASE CAUSE

Bad Working Conditions Responsible for Tuberculosis.

Washington, May 12.—The close relation of poverty to tuberculosis is emphasized in a report made public by the public health service after an extensive investigation in many cities.

One-sixth of all tuberculosis cases, it declares, develop in cheap lodging houses and one-fifth are traceable to occupation hazards and bad working conditions.

First Photo of a Battle at Verdun

This photograph is the first to show actual fighting operations at Verdun. It was taken from the first line of French trenches. In the distance, not more than 200 yards off, may be seen a German shell bursting.

State vs W. P. Robertson is on trial.
The jury yesterday returned a ver-
dict for the plaintiff in the case of
James M. Quinn vs L. M. Dupue
amounting to \$2,787.12, being for
half the profit claimed in a land deal.

TEACHERS—A special summer
school at the Little Falls Business
College. Typewriting, shorthand,
penmanship, bookkeeping and bank-
ing. A knowledge of business and
stenography will increase your earn-
ing power. Ask for your catalog
now. 11

Brainerd has an added incentive
to stop the European war. It has
been reported that the night "Winn-
ipeg Flyer," reaching the Twin Cities
early in the morning and formerly
connecting with the "Merry Widow"
range local train, will be put back
in service as soon as Canadian travel
picks up and that, it is presumed,
will be after war's fever and alarms
are stayed in Canada. With the fly-
er back, the "Merry Widow" will be
reinstated.

Large 50 foot lots N. E. now sell
at little prices. These will soon go.
Several have united and bought full
block. This seems wise. Time for
buying full blocks for \$700 on easy
terms will soon pass. Two or four
neighbors can easily handle full
block or more. Quarter blocks \$175
to \$250. One and one quarter blocks
sold this week. Remember first
choice is best. Prompt action will
pay well, don't you forget it. Net-
tleton. 11

Billican orchestra. 29113

**1916 Auto Racing
Season Opens Today**

(By United Press)

New York, May 13—Four automo-
bile races are on the card at Sheeps-
head Bay today—the real opening of
the 1916 season of Speedway racing
in American. They are:

The Metropolitan trophy, 150 miles
\$6,000 for first, \$3,500 for second,
\$2,000 for third, \$1,500 for fourth,
\$1,000 for fifth, \$600 for sixth and
\$400 for seventh.

The Queens cup race, 50 miles.
\$1,000 for first, \$600 for second, \$400
for third, \$200 for fourth and \$200
for fifth.

Coney Island cup race, 20 miles.
\$600 for first, \$350 for second, \$250
for third, \$200 for fourth and \$100
for fifth.

The William Kemble handicap cup,
a consolation event for the non-win-
ners of prizes in the first three; 10
miles, \$400 for first, \$200 for second,
\$175 for third, \$125 for fourth and
\$100 for fifth.

The bowl is in great condition for
the meet, says Manager Eberard
Thompson, who expects to see new
records hung up. In the first race
staged on the course Gil Anderson in
a Stutz hung up a world's record of
102.56 miles per hour for 350 miles.
Within a short time Darle Resta went
over the 100 mile distance in a Peug-
eot at the rate of 105.39 miles per
hour.

DON'T TAKE A CHANCE

Brainerd People Should Act in Time

If you suffer from backache;
If you have headaches, dizzy spells;
If the kidney secretions are irregu-
lar.

Don't delay—likely your kidneys
are sick.

Brainerd people recommend Doan's
Kidney Pills.

Here's a Brainerd experience:

William Bourquin, carpenter, 913
Seventh St., Brainerd, says: "I suf-
fered severely from kidney and blad-
der trouble. The kidney secretions
were too frequent in passage and I
had backaches and pains through my
sides and loins. The trouble kept
me from working and gave me no end
of annoyance. Doan's Kidney Pills
soon relieved me in every way."

Price 50c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mr. Bourquin had. Foster-Milburn

WEEK OF MAY 14th

"THE BIRTH OF A NATION"

TAKE THE JUDGMENT OF THE CITY THAT KNOWS HOW CARS
are BUILT—and the STATE THAT KNOWS HOW CARS PERFORM!

There's no surer judgment, no more trustworthy advice to be had
anywhere than that of Detroit and the State of California.

IN DETROIT the city that produces three-fourths of the country's
cars—where people know cars from the technical and manufacturing
sides better than they do in any other city on earth—more Stude-
bakers were registered according to official figures in the year of
1915, than any other cars selling at more than \$500.

IN CALIFORNIA the State of wonderful roads and weather—the
State where people have more miles of good roads to drive over and
more opportunity to use their cars than in any other State in the
Union—the official figures for the year of 1915 showed 15,718
Studebakers registered—2,895 MORE than any other car listing at
more than \$500.

California KNOWS cars from use on the roads—Detroit knows cars
from having the bulk of the industry centered in its limits. Both
have made Studebaker favorite by a long lead. What better judg-
ment can YOU follow in buying? And the reason is simply that
every time a man makes even the barest comparison of a Studebaker
with other cars, he finds that to get as much power, size and qual-
ity as a Studebaker offers, he must pay from \$250 to \$100 MORE.
So they're buying Studebakers and SAYING that \$250. Why don't
you see the cars—then go make that \$250-saving comparison.

Serious Oversight.

"Yes," remarked a certain Chamber-
lain, "Josh knows a heap. He can tell me
all the scientific names of what I'm
tryin' to raise an' what injures the
crops. But there's one thing he never
investigated. If he had studied a lit-
tle deeper Josh wouldn't have got all
mussed up while out walkin' in his
Sunday clothes."

"What did he omit?"

"He never investigated the psychol-
ogical effect of a red necktie on a
bull."—Washington Star.

WOMAN'S REALM

DEERWOOD MEET SUCCESSFUL ONE

Woman's Clubs Favor the Use of
Schools as Community Centers
in Resolutions Adopted

ELECTION OF OFFICERS HELD

Women Go on Record as Favoring a
Working Army of Soldiers and
Not a Standing Army

(Little Falls Transcript)
The 11th annual meeting of the Sixth District Federation of Women's Clubs held at Deerwood May 9 and 10 was a most successful meeting, due largely to the efforts of the Civic league of that town, an organization of fifteen live women. About fifty delegates and visitors were present including the following district officers: Mrs. L. D. Brown, president; Mrs. Ed. M. LaFond, corresponding secretary, of this city, and Mrs. L. A. Matthews of Wadena, recording secretary. The following delegates were sent from the Civic league of Little Falls: Mesdames R. L. Cochrane, N. N. Bergheim and F. R. Ruth. Mrs. B. Burton represented the Musical Art club of this city.

The state president, Mrs. W. T. Coe of Wayzata, Minn., gave an address on Tuesday evening. A fine talk on vocational training was given the same evening by Mrs. Milne, who is connected with the Duluth normal.

Wednesday morning was devoted entirely to business routine, including reports of officers, clubs, etc. Several interesting and instructive papers were given in the afternoon after which visitors and delegates were entertained at a tea at one of the beautiful homes in Deerwood, an auto tour of the neighboring towns, Crosby and Ironton having to be postponed at this time on account of the weather.

Misses Bess M. Rowe of the University of Minnesota and Margaret Foley of Boston, Mass., were the Wednesday evening speakers, the former giving a talk on "The Efficient Home," the latter speaking on "Equal Suffrage." The addresses were interspersed with excellent music, Deerwood having many very talented musical people.

Mrs. L. D. Brown was re-elected president of the Sixth district. Other officers were elected last year for a two-year term. The next meeting will be held at Aitkin, in May 1917.

The following were submitted by the committee on resolutions and adopted:

Resolved: I. That the Sixth District Federation of Women's Clubs in session at Deerwood, May 9 and 10, 1916, go on record as in favor of legislation requiring the keeping open of school houses for community centers.

Resolved: II. That the Sixth District Federation go on record as favoring a working instead of a standing army; that if our fighting strength is to be materially increased the army shall be kept employed at useful labor in times of peace.

Resolved: III. That to the Civic league of Deerwood, to Mrs. Gough and the assisting ladies, in particular to the ladies who so kindly opened their homes, to the men who have loaned their autos, the Deerwood Choral club and all others who have contributed towards making this 11th annual meeting such a grand success, we extend our most sincere thanks and hearty appreciation.

Resolved: IV. That a copy of these resolutions be forwarded to our legislators and congressmen and that a copy be inserted in each of the Deerwood papers, the Times and the Enterprise.

Respectfully submitted,
Mrs. Ed. M. LaFond,
Little Falls,
Mrs. W. C. Cobb,
Brainerd,
Miss Jean Stewart,
Wadena.

Birthday Surprise Party

Mrs. Raymond Seelye was surprised on the occasion of her birthday, a number of friends visiting her. They were masked and much amusement was accorded in viewing some of the costumes. Five hundred was played, Mrs. R. J. Hartley winning the head prize, and Mrs. W. H. Durham the foot prize.

May Party

Friday evening, May 19th, the Philathea Bible class of the Methodist Sabbath school will give a May party in the social rooms of the church. There will be a good program including a May pole dance by the children, a May day march by the class and other special features. Everyone is invited.

Cowboys Would Join Army.

Helena, Mont., May 13.—One hundred cowboys of Montana have offered their services to the local United States recruiting office for war with Mexico. A cowboy delegate who made the offer to the army officers here said a thousand ranchmen could be secured in ten days.

Watch Child's Cough

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds. All druggists, its

A FINE PORTRAYAL

"The Professor's Love Story" Was
Given a Delightful Interpretation
by Senior Class

The Senior class members of the high school portraying "The Professor's Love Story" covered themselves with glory Friday evening, giving a delightful interpretation of the play. Each was letter perfect.

Credit is due Miss Mary Tornstrom, who coached the cast. Credit is also due Miss Mabel Harrison, who taught those participating in the Morris and Swedish drills. A school orchestra played well.

The opera house had every seat occupied.

"THE BIRTH OF A NATION"

Knights of the Fiery Cross are Exposed in Griffith's Great Spectacle

Ghostly white, more sure footed than death itself—flesh and blood ghosts of the moonlight night in a war-torn southland—the avenging Ku Klux Klan swoops down upon the ravishing negro and grabs him up as a fish-hawk its prey, whirling him away God knows where, to a fate from which there is no escaping—this is one of the actual sights shown in Griffith's "Birth of a Nation."

In these scenes Thomas Dixon's "The Clansman" is revived with telling reality; practically all the remainder of the startling living panorama—(always, of course, giving due credit to the history of the United States, to the civil and military experts who laid out and planned the battles and were consulted as to the different scenes and episodes throughout)—is D. W. Griffith's own creation.

These renders of "The Clansman" will easily note Griffith's wonderful improvement over the original when "The Birth of a Nation" appears at the Brainerd opera house.

They will see also brought to leaping life before them all that lead up to such a state of affairs from the introduction of slavery into this country to the first shot on Fort Sumter.

History has its skeletons in the closet, the same as families and individuals, and they are no worse off for being brought to light and shown up—even in glaring frightfulness—to the people who have a right to know.

"The Birth of a Nation" with its wonderful symphony orchestra of thirty high class artists, will be the attraction at the Brainerd opera house for one week starting on Sunday, May 14, with matinees daily at 2:15, and nights at 8:20.

Seats on sale at Dunn's drug store on Wednesday, May 10. Prices for the matinees are 50c, 75c and \$1.00, and for the night performances 50c, \$1.00 and \$1.50. All mail orders will be filled in the order of their receipt, and must be accompanied by remittances and a self-addressed and stamped return envelope.

Patrons are requested to be in their seats promptly on time, as no one will be seated after the action of the play commences, until after the first one half of the performance is over.

Respect for Flag and National Music

(By United Press)

Newark, N. J., May 13.—The orchestra that makes a last desperate bid for applause by banging out the "Star Spangled Banner," the band that medleys "My Country 'Tis of Thee" with ragtime, and the vaudeville act that closes with a tremendous flapping of the American flag, will all be under the ban, if the National Sons of the American Revolution, who met here today, have their way. Members of this organization, all sons of the men who achieved American independence, plan a campaign for laws in all the states and territories against such performances. It is part of their effort to bring out a "more dignified and reverent" attitude toward the Fathers of the Republic. A campaign to educate aliens in the history and spirit of the American nation also is under way. Among the trips, receptions, dances and banquets will be an auto ride to a spot near Trenton where Washington distributed the booty he had captured from the Hessians to the original owners. Secretary of War Baker is to address the society tonight.

It is the society's 27th convention.

UPHELD BY SUPREME COURT

Minnesota Law Extending Terms of County Officers.

St. Paul, May 13.—The state supreme court has handed down a decision upholding the act passed by the 1913 legislature changing the terms of county officers from two to four years.

The court declared that the legislature had full authority under the constitution to regulate the terms of county officers.

WHERE TO WORSHIP

Swedish Baptist church—Services Sunday evening at Swedish Baptist church in English.

The Bethlehem Lutheran church notice will be found in another column.

German Evangelical church—No morning service as the pastor will not be in the city. Bible school at 9:30 a. m. Bible story lesson, "Jesus Appears to the Other Disciples and Thomas." Lesson materials: Luke 24:36-49 and John 20:19-29. Choir rehearsal on Tuesday, 8 p. m.

Christian Science—Sunday morning service 11, subject, "Mortals and Immortals." Golden text, Romans 13:14, "Put Ye on the Lord Jesus Christ, and Make Not Provision for the Flesh, to Fulfill the Lusts Thereof." Charles H. Cooper first reader. Sunday school at 10. Camels hall, Iron Exchange.

St. Francis Catholic church—Mass on Sundays at St. Joseph's hospital at 6:30 a. m. Mass at St. Francis church Sundays 8 a. m., children 9 a. m., high mass at 10:30. Evening service at 7:30. Sunday school from 9:30 to 10. Mass week days 8:15 a. m. at St. Francis church and at 6:30 at St. Joseph's hospital.

First Baptist church—Mother's Day will be observed, with special services. Morning service will be held at 11 o'clock and evening service at 7:30. The pastor will give Mother's Day messages and special music appropriate to the occasion will be provided. Bible school at 9:45 a. m. B. Y. P. U. at 6:20 p. m. A cordial invitation is extended to all. Rev. R. E. Cody, pastor.

Swedish Christian Bethany church 9th and Maple Streets.—Rev. Theo. Clemens will occupy his pulpit next Sunday at 10:30 a. m. and 8 p. m. The topics will be, morning "The Day of Small Things"; evening, "Almost a Christian." Sunday school meets at noon and the Young Peoples meeting at 7 p. m. Special music by the choir. Everybody is welcome to worship with us.

First Congregational church—The themes of Rev. G. P. Sheridan's sermons for this Sunday are as follows: Morning, "A Tribute to Mothers," evening "Using Our Resources." Special music will be rendered at both these services. Time of services follows: Morning worship 10:30, evening worship 7:30, Bible school 11:45, Young Peoples meeting 6:45. We cordially invite you to worship with us. Rev. G. Phil Sheridan, pastor.

Presbyterian church—Morning worship and praise at 10:30 o'clock. The theme of the sermon will be "The Message Concerning the Many Anti-Christ." The male quartet will sing a special selection. In the evening at 7:45 the sermon subject will be "Mothers of Men." The evening chorus will sing two special numbers commemorating the day: "When Mother Prays," Kirkpatrick; and "My Mother's Old Bible is True" Gehlert. There will be other special features. Sunday school is at noon. Christian Endeavor at 6:45. All are welcome to these services. W. J. Lowrie, pastor.

O'Brien Mer. Co.

The Public is Cordially Invited to Attend the Opening of The OLYMPIA PALM GARDEN

8:00 to 10:30 This Evening

Berg's Four Piece Concert Orchestra plays amid the flowers—Brilliant illuminations—Fairy-like Surroundings—Inviting Tables—Comfortable Chairs—Soft Summer Drinks—Velvety Ice Cream—A scene of Metropolitan Magnificence.

OLYMPIA CANDY KITCHEN

612 Front Street
Brainerd, Minnesota

Swedish Baptist church, corner of Oak and 19th Streets.—Morning worship at 10:30. Mother's Day will be recognized, the pastor speaking on the subject, "Our Mothers." The Sunday school meets at 12 o'clock. A special Mother's Day program will be rendered. Young Peoples meeting at 7:15 p. m. The evening service begins at 7:45 and will be our regular monthly English meeting. The pastor will preach the third sermon in the series on the prodigal son, the theme for tomorrow evening being, "When the Young Man Came to Himself." There will be special music by Dr. E. E. Long and the choir. Dr. Long will sing "The Holy City," by Adams and "Free as a Bird" by Dunn. We cordially invite one and all to attend all of these services. Alex B. Colvin, pastor.

St. Paul's Episcopal church—Third Sunday after Easter, 8:30 a. m., Holy Communion. 9:45 a. m. Sunday school (note change in time of Sunday school.) 10:30 a. m. morning prayer and sermon, subject, "The Child and the Home." This being the day set apart for Mothers Day,

the importance of home life and its relation to the republic will be dealt with. 7:30 Evening prayer and sermon, subject, "The Church and the Masses." Seventy per cent of our people are outside our religious organizations. Where does the fault lie? With the churches? Yes, to a certain extent. With the people? Also partly true. A diagnosis of the causes will be made Sunday evening. The non-church goer is especially invited to attend. The subject will be treated frankly.

Methodist church—Mother's Day will be observed. At 10:30 morning worship. As this is the national day for the recognition of the kindly administrations of motherhood, there will be a special sermon, music and decorations for the event. The pastor, Rev. F. W. Hill, will preach on the subject, "A Tribute to Mother." Special music: Anthem, "Sing Unto the Lord," Rosenkrans, by the choir; tenor solo, "Ora Pro Nobis," M. Piccolomini, by Thomas Deakes; soprano solo and chorus, "Tell Mother I'll be There," Fillmore, by Miss Mildred Farwell. Sabbath school at 12:00

o'clock, H. P. Michael, Supt. Epworth League at 7 o'clock. Topic, "Mother's Day." Leader, Gladys Nicholas. Evening service at 8 o'clock instead of 7:45 as during the winter. The pastor will take as the sermon subject, "Peter's Tragic Flashing Party." Special music: anthem, "Guide Me O Thou Great Jehovah," McPhail, by the choir; instrumental music by Misses Gladys Nitterauer and Fern Hitt; soprano solo "Memories of Mother," Robert Harkness by Miss Irene Brockway. You are cordially invited to worship with us.

Eczema Cured or Money Refunded

This guarantee goes with every box of Dr. Hobson's Eczema Ointment. Makes no difference whether its a baby, child or aged. No matter how long standing the case the guarantee holds good. Cut out this strip, go to your druggist, get a box of Dr. Hobson's Eczema Ointment, use it as directed and if you are not fully satisfied, the druggist or maker will refund your money. Try it just once, you will be happily surprised. —Adv't. tta-w

STATE GEOGRAPHICAL NAMES AND THEIR HISTORICAL SIGNIFICANCE

(Prepared by the Minnesota Historical Society for the United Press)

Koochiching County
The name of this county was applied by the Chippewas to Rainy Lake and also to Rainy River and the rapids at International Falls. It is said to be a word derived from the language of the Cree who lived in Canada and has been translated as "Neighbor." The county which bears the name was established in 1906.

MOTHERS' DAY

"Happy be
With such a mother! faith in womankind
Beats with his blood, and trust in all things high
Comes easy to him; and though he trip and fall,
He shall not blind his soul with clay."—Tennyson.

Mother, whose unselfish love and untiring devotion has won for her an uncontested place in the heart of every good man and woman, is today on the brink of some of the honor due her. Tomorrow is Mothers' Day, the northwest will celebrate it with church services and wearing the proverbial white carnation.

Possibly no other day of national observance, with the exception of Christmas and Easter, has as deep a significance. It is a day devoted to paying homage to that most sacred of institutions—motherhood.

It has grown customary to wear a flower on that day as a token of reverence. Those whose mother is living wear a red flower, while those whose mother is living in memory only, wear a white flower.

Do more than wear a bouquet, shower her with bouquets, with attention, and make her as happy as you can on Mother's Day. If she is far away remember her with a long letter and with a little gift. If she is near spend the day with her, if possible.

Devote as much of Sunday, May 14, to that sweetest and most lovable character—mother.

B. F. Hartshorn, who at one time represented this district in the state legislature when the district was composed of four counties, died at the home of his daughter in Wadena on Monday of this week at the age

of 84 years. Mr. Hartshorn was identified with the upbuilding of northern Minnesota and when Cass county was organized he was appointed county attorney for the new county and removed to Walker. He was a lawyer by profession and continued his practice until 10 years ago when he retired to his farm near Philbrook. He ranked as one of the oldest Masons in the state. His wife and daughter survive him.

A rigid patrol of the Canadian-United States border was started today, as a protection against the alien enemy. Inspector S. T. Wood, of the northwest mounted police is authority for the statement that there are 17,000 aliens within 20 miles of Winnipeg and that these might easily be greatly augmented by German-Americans from the United States, as thousands of them live just beyond the international line within 70 miles of Winnipeg.

"The democrats of Minnesota are not hungry for office," is the comment of the democratic St. Cloud Times on the fact that but three places on the state ticket were filled by filings, governor, lieutenant governor and railroad commissioner. It was not a question of being hungry, but just a question of being foolish for going after something they could not get, and this of all years.

Dealers throughout the country predict a gradual advance in the price of anthracite coal throughout the summer but are not prepared to predict what the advance will be, but which will undoubtedly be controlled by the increase in wages granted to employees. Ten or 15 cents a ton will probably be added every month for the next four months.

P. J. Seberger, former mayor of St. Cloud, has been chosen secretary of the Commercial club of that city on a salary basis and will devote his entire time to the position. The club will maintain offices in the Farmers State bank building.

County school superintendents throughout the state are receiving letters asking them to cooperate in a movement to make May 18 a peace day.

President has to Cancel
Visit to Newark's 250th Anniversary Celebration

(By United Press)
Newark, N. J., May 13.—Much regret was expressed today in Newark because President Wilson would not be able to come to the city to open formally the industrial exposition in connection with the celebration of the 250th anniversary of the founding of Newark by Robert Treat. Secretary Joseph P. Tumulty announced at the White House that owing to the present state of international affairs the President would be compelled to cancel all engagements. Extraordinary preparations had been made in Newark for the reception of the President and Mrs. Wilson.

America's Horsemen Enter Favorites

New York, May 13.—Some of the most prominent horse owners in the country have their favorites entered in the two day race meet of the United Huntis Racing association, which opens at the Belmont Park Terminal today. The second day's events will be held Wednesday, May 17. The entry list is 370, the greatest number ever received for a race meet in America. There are thirteen events for cash prizes totalling \$13,500; and handsome trophies. Two races each day are limited to gentlemen riders and to encourage their participation in all of the events the amateurs are allowed a five pound handicap in the other races.

Among those entering horses are: August Belmont, F. Ambrose Clark, Harry La Montagne, Miltown Stable, Edward F. Whitney, Archibald Barclay, Forbell Keane, Mrs. F. Ambrose Clark, Nicholas L. Tibby, W. J. Clothier, Mrs. G. H. Fenwick, A. J. A. Deverson, Malcolm Stevenson, James Perkins, Edward M. Weld, J. Temple Overton, J. Thomas Hitchcock, H. C. Schwartz, Frederick H. Prince.

Also: Robert L. Gerry, Mrs. Cecil Brabson, Miss A. W. Frayling, A. L. Kraemer, A. P. Humphrey, Jr., Sam Willetts, R. Hunter Dolaney, J. F. Flanagan, Jr., W. R. Coe, Arthur Fowler, Peter Hauck, Jr., J. Harper Bonnell, J. E. Davis, Ralph Parr, Mother L. Schiff, H. W. Sage and Herbert L. Pratt.

TRY A DISPATCH WANT AD

IS CANDIDATE FOR GOVERNOR

Roland H. Hartley, Formerly of Brainerd and Duluth, Enters Contest in Washington

IS FOR LAW ENFORCEMENT

Was Private Secretary of Former Governor David M. Clough, Was Mayor of Everett, Wash.

Roland H. Hartley of Everett, Wash., brother of G. G. Hartley of Duluth and son-in-law of former Governor David M. Clough of Minnesota, cousin of R. J. Hartley of Brainerd, who now resides at Everett, has announced his candidacy for the republican nomination for governor of the state of Washington. Roland Hartley was for many years a resident of Minnesota, residing at Brainerd and Minneapolis, and was private secretary to Governor Clough. He has frequently visited Duluth and Brainerd and has many friends here who will trust that he will succeed in getting the nomination. Mr. Hartley was mayor of Everett for several years and represented that district in the last Washington legislature, where he made a record that attracted favorable attention from all sections of the state. In announcing his candidacy for governor, the Everett Tribune said:

"Shoshone county today offers the republicans of Washington a candidate for governor in Roland H. Hartley. If the voters of the state want a quiet, courteous, practical, sensible man at the head of this commonwealth for the next four years he is the man. Elbert Hubbard said, 'I think no higher tribute you can pay a man than to say he has common sense and knows how to cash it.' That truthfully can be said of Mr. Hartley."

Thirty years of constructive endeavor in the great fields of Minnesota and Washington are the credentials of his knowledge. Thirty years of hard work in the forests and mills of Minnesota and Washington are the credentials of his business energy. And both bear the seal of success. Shoshone county recommends Roland H. Hartley to the state for it knows Mr. Hartley, his modesty, his kindness, his equipment for the high office."

At the Shoshone county republican convention held in the Everett theatre, Mr. Hartley was given an enthusiastic reception and delivered a lengthy address outlining his views on state needs and what he would do if elected governor. He urged the necessity of good roads, favored the calling of a constitutional convention, declared in favor of strict enforcement of the prohibition law, and pledged to "appoint" efficient men to office. In closing he said:

"Most men in seeking office, feel that they must invent some new law or theory of government. I believe we have too many laws now. What we lack is law enforcement."

"I would not esteem it an honor, nor would I consider it a profitable use of my time, to serve as governor of a state where law and order cannot be enforced and life and property protected."

"Our state has been tormented in the past by certain agitators, who, relying upon the natural characteristics of the human being to blame the other fellow for every mistake or failure, have traveled about, preaching envy, hate, jealousy and destruction. In order that they may draw fat salaries and pose as the emancipators of labor. The way to best help labor is to free it from the yoke imposed by these self-appointed disciples of discord and confusion."

"I do not wish to obtain votes for the governorship or any other office under false pretenses. I would like to have every voter in the state distinctly understand that if elected I will for four years, at whatever cost necessary, enforce the law without discrimination as between capital and labor. I will serve the rich, the poor, the great and small alike, without fear or favor. I will see that every man and woman in Washington who wishes to work or quit shall have that opportunity, without fear of murder, intimidation or abuse from any source, whether they belong to a union or not. I will see that powerful corporations and all who employ labor shall obey the state's laws to the letter."

EARTHQUAKE ROCKS BUILDINGS IN BOISE

Boise, Ida., May 12.—Boise experienced its most violent earthquake shock.

The tremor lasted about three seconds and was more in the nature of an underaval than a wave.

In the downtown district people rushed from buildings to the street. The tremor was the second in a fortnight, the first having been recorded April 23.

At Webster, sixty miles west, the quake was felt with exceptional violence. A new gas well, in which a flow was struck ten days ago, showed remarkable increase of pressure immediately after the quake.

The flow caught fire and hundreds of people watched the shooting flames.

See Uncle Sam's Navy in Action

(By United Press)

Boston, May 13.—With volleys from Uncle Sam's battleships thundering over the harbor, submarines submerging, torpedo boats discharging their deadly missiles and a dress parade of sailors and marines, "Navy Day" was celebrated today at the Charlestown navy yard. "Preparedness" was the key-note of the exhibition, and maneuvers showing what the United States navy can do were reviewed by thousands, including hundreds of society women and prominent citizens. Governor McCall and his wife and Mayor Curley of Boston, were on the reviewing stand.

All the ships were in full dress at eight A. M. and from then on until late in the evening the elaborate program of the day was filled. Field sports, in which hundreds of "jack-ies" competed, drew the crowd to the shore, while boat races between ships, crews, and boat trips along the waterfront kept visitors hurrying to take in all the sights.

The feature of the day was the dress parade, at 1 A. M., by battalions from the battleships New Jersey, Rhode Island, Nebraska and the Marines. Following this each battalion gave an exhibition drill, until the divers descending to the harbor's bottom, and exhibitions of torpedo firing and recovering drew the crowds again to the bay.

Dancing and receptions by the wives of the naval officers attracted the younger set to the battleships Georgia and Virginia. On these great dreadnaughts, the elaborate ballrooms were decorated and marine and cadet bands played. At four o'clock, the United States torpedo boat destroyer Hensley gave an exhibition of "man over-board," showing the method of rescuing a sailor in danger of drowning. A field radio set was in operation on the recreation field, and private messages were transmitted for the visitors. The most popular exhibition of all, which drew throngs to Piers 5 and 4-A, was

the submarine, at high noon, of the submarine L-1. As the huge grey craft dipped beneath the surface, the crowds on the shore cheered.

Not in a Hurry.

A somewhat impatient young fellow rashly engaged himself to a charming young thing, who shortly after the excitement had subsided began to evince doubts. Said she:

"How long, dearie, do you think we shall have to be engaged?"
"Well, sweetheart," said the young man cheerily, "I have enough money to last for six months. I think."

The Greatest Musical Invention

The player-piano is the greatest musical invention of the day. For the player is not purely mechanical, like the phonograph, but makes it possible for any one to play his own music in his own way, with the impress of his own taste and feeling. With the player-piano he can at once obtain results which would otherwise require years of practice.

CABLE-NELSON PLAYER-PIANOS are particularly satisfactory. Not only easy to play, but responsive to every shade of feeling and impulse. They open the door for you to music, song and dance, a reservoir of happiness that you possibly cannot otherwise tap.

BRAINERD'S LINEUP WILL BE STRONG

New Pitcher will Probably Work Against Verndale, Home Team Ready for a Hard Game

CLAUDE NOEL, WESTERN LEAGUE

Played in St. Joseph, Mo., Team. Father has Bought a Big Ranch Near Merrifield

The Brainerd-Verndale game tomorrow will undoubtedly be one of the hardest battles of the year and both teams are confident of victory. The home team is ready for the fray and will fight to the last ditch.

A new pitcher has been signed and while it has not yet been settled who will pitch it is almost certain that the new pitching star will work tomorrow. The new twirler is none other than Claude Noel of the St. Joseph, Mo., team of the Western League.

Mr. Noel's father has purchased a ranch near Merrifield and at once notified his son to leave the Western league to assist him on the ranch and Manager Cook immediately took steps to annex Noel to the local club. This completes what is believed to be the strongest team Brainerd has had in recent years.

The line up for Sunday has been decided upon, and Cook promises to fans the pleasure of seeing Pitcher Noel work unless he reports at Koenig field with a sore arm, which is not at all likely. The Brainerd lineup follows:

Frank, catcher.
Noel, pitcher.
Cook, first base.
Templeton, second base.
Benda, shortstop.
Stallman, third base.
Bush, left field.
Erickson, right field.
Bratton, Clark or Ingund, center field.
Melstad, Kannenberg and Hitt, pitchers.

It will readily be seen by the above line-up that Brainerd has plenty of fine material and is strong in every position.

Because of railroad connections, the game Sunday will start at 2:30 sharp. The band will be present and a large crowd will undoubtedly be on hand to help the boys win and to welcome the new pitcher.

FARM BOY SOCIETY

School of Agriculture University of Minnesota Farm Boy Society Promoting "Farm Boy Cavalier"

The Farm Boy Cavaliers of America is a new organization being promoted by the School of Agriculture of the University of Minnesota, and others prominently connected with the university.

The idea had its origin with D. D. Mayne, principal of the School of Agriculture, who after a study, decided that the Boy Scout work was not adapted to farm boy life; that the conditions under which the farm boy lived made it impossible to get together or to find opportunity for such work as Boy Scouts of towns and cities performed. He, therefore, set about planning an organization which would overcome these difficulties.

Farm Boy Cavaliers will ride horses, will wear uniforms, and will have a complete organization. They will be expected to strive for merit badges by doing both home and public service. Entering as pages, they will advance to the rank of equir by the winning of five merit pages, and to the rank of knight by winning seven additional badges. They will be organized under constitutions corresponding to those of the state and United States, and will have officers bearing the same names as those of the state and United States.

About 100 boys of the Minnesota School of Agriculture are at work organizing troops in different parts of the northwest this summer.

Reassuring.

Woman Beggar (who has been refused alms on ground of "no change")—If you'll give the silver to the child, lady, she'll bring yer change. She won't run away wid it, pore innocent; she ain't got the sense!—London Punch.

CROW WING COUNTY ROADS

Seven State Roads Being Improved—County Has Appropriated \$26,000

HAS STATE AID OF \$17,000.00

State Roads Nos. 2 and 7 Combined Will Make Proposed Jefferson Highway Link

Crow Wing county is improving seven state roads. State Road No. 1, 13 miles long, extends from Brainerd to the Morrison county line, going south on 13th street in Brainerd. State Road No. 2 extends from the Cass county line, east through Brainerd on Oak street, thence southwesterly to Mille Lacs lake, skirting the shore line to the county line, total length being 30 miles. State Road No. 3 runs from Brainerd in a northeasterly line 40 miles to the Cass county line. State Road No. 4 runs from Brainerd south along the Northern Pacific railway right of way through Fort Ripley to the Morrison county line, total length being 18 miles. State Road No. 5 begins on State Road No. 2 in Bay Lake, runs northeasterly to Deerwood, total length 25 miles. State Road No. 6 runs on No. 2 in Oak Lawn township, runs northeasterly through the North Cuyuna iron range and connects with the Aitkin county road near Rabbit Lake township, total 24 miles. State Road No. 7 runs northwesterly through the wonderful lake region, through Pequot, Jenkins and on to the Cass county line, some 25 miles.

State Roads Nos. 2 and 7 combined will make the proposed Jefferson Highway link.

This spring a crew is working on No. 7. State Road No. 2 is in good shape now and will be further improved. All are dirt and gravel roads. A crew and tractor are on No. 4 and will soon complete 13 miles of road. On May 10 another crew will go on No. 6 opening out to Riverston.

Crow Wing county this year appropriated for State Road No. 1, \$2,000; No. 2, \$2,000; No. 3, 4,000; No. 4, \$4,000; No. 5, \$2,000; No. 6, \$6,000; No. 7, \$6,000. State aid received will be \$17,000.

To date 25 miles of roadway have been built on highway started. Fifty miles are partially completed. Seventy-five miles of roads are laid out and traveled, but have no improvements.

In laying out roads, County Engineer R. M. Cooley plans on proper drainage and to keep the ditches up. The main thing the people want is to get roads opened up, drained and made passable. Graveling and surfacing must be done to make them passable.

The county has made greater progress under state highway commission supervision and has inaugurated a better highway system. Work has been systematized. Work is done by day labor. The county owns a large tractor, dump cars, graders, a rock crusher, etc.

Considerable ditching has been done. In Little Pine township a \$15,000 job covering four or five sections is about completed. Fourteen ditches have been dug in the county averaging from 3 to 10 miles in length, and draining the land they have indirectly served to keep water from the roads.

The average cost of clearing, grading and draining a mile of dirt and gravel roadway is \$800 to \$900 a mile.

Good roads in Crow Wing county are increasing tourist travel, bringing in new settlers, increasing the value of land, making the county more accessible, increasing the population.

The scenic value of the Mille Lacs lake region is becoming known to Twin City people. The fishing and recreational amusements to be found there, and at Gull lake, at Jenkins, Pequot and the myriad of lakes in Crow Wing county, all on a proposed link of the Jefferson highway, can now be reached on good roads and the Mille Lacs-Leech Lake-Jefferson Highway Association proposes to join Mille Lacs, Crow Wing and Cass counties in one great highway, a magnificent scenic link in the historic roadway from the gulf waters to Winnipeg.

MOOSE NIGHT AT THE "BEST"

National Director Edgar Easter to Lecture When Pictures of "Mooseheart" are Shown

OVER 300 MEMBERS HERE

Moose and Their Families Will Attend the "Best" Theatre to Witness Added Attraction

Monday evening is "Moose Night" at the Best theatre. National Director Edgar Easter will be present and will deliver a lecture as the "Mooseheart" pictures are shown.

The local lodge of the Loyal Order of the Moose has 300 members and they with their families and friends will be in attendance at the Best. The pictures will show the schools of the order in the Illinois location of "Mooseheart," the home for orphans, the shop where the magazine of the order is printed and other scenes of interest.

The Moose pictures are shown in addition to the regular Best program and the general public attending as usual and the Moose coming too, there should be big business at the Best.

BRAINERD'S ODDEST STORY OF TODAY

Who saved the Fourth of July in Brainerd and will get the fireworks to celebrate Uncle Sam's birthday?—Tom Mansuras.

Who is making Lam park the best, cleanest and brightest amusement place the city ever had?—Tom Mansuras.

Who started the first auto bus line in Brainerd and made it pay from the start?—Tom Mansuras.

Who came back from the Graeco-Turkish war with a bullet in his leg and glad to be alive and back in the good old United States gave a free Thanksgiving dinner to all Brainerd and the strangers within her gates?—Tom Mansuras.

GRAND OPENING TONIGHT

Error in Announcement Stated Friday Night, Olympia Palm Garden Opens This Evening

The Olympia Palm Garden opening is tonight. An error in the advertisement of the Olympia Candy Kitchen stated it was for Friday night.

The place has been made a perfect bower of beauty, the palms and flowers and accessories, brilliant electric lights, \$2500 new fixtures working a transformation which will astonish every visitor.

Bergh's orchestra will play. The public is cordially invited to be present.

Real Estate Sales

The following real estate sales have recently been made by P. B. Nettleton: All of block 1 East Side Addition, to Amos Hykes, Arthur I. Wright and D. H. Mack, consideration near \$750, bought for improvement and investment.

W. F. Dougherty bought lots 5, 6 and 7, block 2, East Side Addition, for investment, consideration about \$250.

Geo. E. Campbell took lots 9 and 10, block 10, Schwartz Addition N. E., \$200. He has cleared one lot for garden and is building a small home.

D. D. Dingman bought lot 7, block 10, Schwartz Addition N. E., for \$125. He has already built a small cottage and is now living in his own home and is much pleased.

Sold to John Williams, south 10th street, lot 15, block 8, Chippewa Addition, consideration \$100. This is a block of lots 100 feet square for a garden.

Sold to Pauline M. Grande lots 1 and 2, block 5, Chippewa Addition on South Broadway, consideration \$85. Bought to improve.

Sold to Donald J. Savageau, driver for the Brainerd Laundry, lots 7, 8, 9 and 10, block 8, Chippewa Addition, with a house, on South 10th street. Consideration \$500. He moved in this week.

Sold to Frances Verkennes lots 11 and 12, block 51, known as No. 214 Front street, consideration \$550. She moved in the first of the month.

Sold to Herman Allgren south 23 1-2 feet of lots 1, 2 and 3, block 2, Parker's Addition, on 19th street S. E. Consideration \$475. Purchaser has built a good sized four room cottage with full basement thereon and is now living therein.

Several more people are considering the question of buying lots and building their own homes. A strong disposition is manifest to get plenty of ground for gardens, etc., even if they have to go further out where large lots are, still to be had for little money.

DEVELOPMENTS OF WEEK ON RANGE

Flynn Property Just South of Manganeese is to be Opened Up Soon

DEAL TO TURN HUNTER FARM

Capt. Nicholas of Brainerd in Charge of the Rowley Mine at Barrows

Ore is being hoisted at the Hoch mine, formerly the Iron Mountain, and a large tonnage will be shipped this season. The mine is situated near Manganeese. A new compressor and 2,000 gallon electric pump are about to be installed. This mine and the Ferro are managed by Supt. A. A. McKay. A new dry and shops are to be added. The headframe at the Ferro mine is about completed.

The Flynn property just south of Manganeese is expected to be opened up soon. A shaft is expected to be sunk and later the ground may be stripped. It is reported that a deal is pending to turn the big Hunter property in section 27 just east of Manganeese. This property is now controlled by the Cuyuna Central Iron Co., in which many Duluthians are interested.

A large ore body has been proven up on the Merritt property southwest of Manganeese. This property may be stripped this summer. A number of drills are operating near by. At the Mahanomen pit mine a large sand sucker is rapidly removing the dirt which slid in on the ore body several weeks ago. A small hydraulic plant run by a 250 horsepower motor has been installed, current being furnished by the Cuyuna Range Power Co. Supt. Roberts expects to ship ore this month. This property was drilled by the Cuyuna Iron & Manganeese Ore Co. and a large body of high grade ore was proven up. Later the same was leased to the present operators, the Mahanomen Iron Co.

The Barrows Mining Co. commenced operations Monday at the Rowley mine in Barrows with Capt. Nicholas in charge. Capt. Nicholas is a thoroughly experienced mining man, having been in charge of several mines in the past, among them the old Barrows mine formerly operated by the M. A. Hanna Co. of Cleveland, Ohio. Capt. Nicholas expects to have the shaft down to ledge in a very short time. Additional machinery and materials have been ordered and work will be rushed with all possible dispatch.

A drill is now operating on the Brainerd Mining Co. property, site of the former Hanna Co. Barrows mine. Several more drills, it is expected, are about to be spotted near Barrows.

The Cuyuna Range addition to Brainerd is being drilled by the Brainerd Townsite Co. The third hole was started this week.

Charles W. Potts, mayor of Deerwood, and associates have leased an eighty acre tract in the west half of the northwest quarter of section 25, township 47, range 29 for 50 years at 35c a ton royalty. The tract lies in a particularly well developed region, being surrounded by the Hoch and Ferro mines, Merritt Development Co. property and others near Manganeese. Five drills will be started within a few days. The overburden is moderately deep, estimated at 60 feet.

DRAUGHON BUSINESS COLLEGE

Accession of two New Pupils Reported, One from Long Lake and One from Ironton

In the absence of S. P. Randall, his associate, C. H. Berhorst is supervising the work of instituting the Brainerd business college of the Draughon system. The total pupils enrolled to date is 17 and that includes two applications received by mail, Miss Ellen Carlson of Long Lake and Miss Esther Bloomquist of Ironton.

Back of the Brainerd Business College is the endorsement of the Brainerd Chamber of Commerce, every member of the Education Committee giving unqualified support, as well as President Henry I. Cohen and Secretary C. E. Hansing.

The headquarters of the college are at the Chamber of Commerce and telephone queries addressed there will be answered.

NOTICE

Property owners along the alley between 4th and 5th avenues, Prescott and Kindred streets, will meet in the Northeast Brainerd hose house at 7:30 o'clock Saturday evening to consider lateral sewer for the above described district.

Sewer Committee, City Council.

AN ACRE OF LAND, WHAT IT WILL DO

Leon E. Lum, of Duluth, Tells What Can be Done by an Industrious Workman

WITH INTENSIVE CULTIVATION

Around Duluth Land Five Miles from Postoffice Sells at Price of Acre in Brainerd

In a letter to Col. A. J. Halsted, Leon E. Lum, of Duluth, writes of the intensive cultivation of ground around cities and how that serves to cheapen the cost of living and aids in building up cities. To get land in Duluth at the low price it is sold in Brainerd, means the home builder and garden seeker must seek a plot of ground five miles from the city and the clearing is infinitely harder than in Brainerd, where all land is comparatively easy to work and generally ready for the plow. Mr. Lum also brings out the point that the county agricultural agent can be as helpful to the man with one acre as the man with forty acres outside of town. The letter in full reads:

Workmen in many cities are trying to get an acre of land or more. Around Duluth they pay for an acre five miles from the postoffice the same that an acre in 4th city limits would cost in Brainerd. They build anything that will keep out wind and water and man, wife and children go out in the summer vacation. It is twice or three times the work to clear here but they get the wood and life is long. Land out from Southeast Brainerd is mostly cleared and ten times pleasanter than here.

One-tenth of an acre raises 20 to 35 bushels of potatoes, according to the kind of cultivation it receives. One-tenth of an acre raises all the other vegetables a family uses in a year.

Two-tenths is needed for yard and buildings in time. Flowers, just nothing in the yard. There are still left six-tenths of an acre. Land is better than a savings bank account in hard times. When the money in the bank is spent it is gone absolutely. The land answers the same purpose and stays with you. Ownership of land tends to make good citizens.

The prices here seem high but sales are made for \$5.00 cash and fifty cents to a dollar a week without interest and without payments during sickness. Interest is bad for a land owner.

The Brainerd papers should take the matter up as well as the Commercial and Booster clubs. Agricultural agents can be of assistance to the man on one acre as well as the man on forty acres.

Intensive cultivation of ground around cities cheapens the cost of living and helps the cities.

Most Eminent Medical Authorities Endorse It.

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Auric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a sample of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

The Strange Case of Mary Page

The Great McClure Mystery Story, Written by FREDERICK LEWIS, in Collaboration With JOHN T. M'INTYRE, Author of the Ashton Kirk Detective Stories

Read the Story and See the Essayay Moving Pictures

Copyright, 1915, by McClure Publications

"My unsupported word has been taken in the court room without question before this," thundered Dr. Foster. "What I have written and said would be accepted before any medical board in the world."

"But this," interrupted the prosecutor suavely, "is not a medical board. This is a court of law; and I petition his honor to strike out the evidence advanced regarding this mental state of the prisoner. I contend that unless the facts can be PROVED before his honor and the gentlemen of the jury that the entire testimony is most questionable—and of no value."

With a little meaning gasp of dismay Mary half rose from her chair, her lips forming a mute appeal against this drastic threat. Those who were watching her saw in the movement no more than a hysterical impulse born of the legal wrangling, but it was something far deeper and greater. For to Mary, Dr. Foster stood as the keystone of her proof of innocence. He believed her—and to strike out his evidence meant that there was no one left who understood.

Langdon, knowing that he must call her to the stand next, was agitated at her agitation and, fearing a general breakdown, sent the bailiff for smelling salts and a glass of water. He had no fears that the evidence of the alienist would be stricken out, but he was nevertheless racking his brains for some method of proving the recurrence of that strange bruise upon Mary's shoulder when, with the abruptness that characterized him, the District Attorney dismissed the witness.

And now it was Mary whose name was called by the bailiff, and the little quickening stir of interest and sympathy that never failed to greet her swept through the room and seemed to give her a momentary strength. But her face was so white and her hands so unsteady that the bailiff, without waiting for another order from Langdon, hurried after the smelling salts, his exit through the door into the prison letting in an inconspicuous burst of hilarity that brought an angry frown to the Judge's face.

He was, however, the only one who noticed it, for the attention of everyone else was fixed upon Mary, who stood swaying in the witness box, her eyes turned appealingly toward Langdon. But though he read their mute prayer correctly he dared not hesitate, and the very first question was the one she had been dreading.

"Miss Page, will you try to tell the Court as fully as possible exactly what occurred on the night when you left the banquet and joined James Pollock in the Hotel Republic?"

It swept away all her new found hope and plunged her dimly down into despair. To her it seemed to prove that even Langdon placed little or no credence upon the words of Dr. Foster, and she had a feeling of being suddenly isolated—alone—in a world of hostile faces. A sob caught in her throat and the room grew black before her, and when she spoke her words came slowly—one at a time, and sounded strange to her own ears—as though coming from a great distance.

"I left—the banquet—room—and went—into—that—other—room. Mr. Pollock—was—there. He wouldn't—let—me—leave. He—he—tried—to—kiss—me. Then he threatened me. He—had—a glass of whiskey. I—saw him—coming towards me—and—that's all—I can remember." Her voice rose shrilly on the last words, and she repeated them, the tears running down her cheeks. "That's all—oh, you KNOW that is all—that I—remember."

Startled by her outburst and her palor, Langdon went quickly to her side and laid his hand on hers.

"Of course I know," he said reassuringly. "I just wanted you to repeat it to the Court. That was all—and I won't ask any more questions now."

"But I have one or two to ask," broke in the prosecutor, exultant over the opportunity to cross-examine Mary now that her composure had given way. And, in spite of the whispers of "Shame! He's no right to torture her now," that drifted from the spectators and brought a warning rap from the judge's gavel, he stepped briskly forward and asked:

"Miss Page, Dr. Foster has told a remarkable story of your strange susceptibility to the smell of alcohol. Can you yourself tell of any definite occasion other than the two that have been mentioned when you were overcome in this—well, very peculiar manner?"

that the bailiff, who was handing Langdon the smelling salts, made a comic face as if mocking their precaution.

"I have been overcome in that 'peculiar' manner on several occasions."

"Will you name one?"

"Yes. If you will look through the files of the Rochester papers of two summers ago, you will find that I had—an attack while playing in stock in that city."

"Will you describe the circumstances, please?"

"There was a big supper scene in the play which dealt with city life. The company were supposed to be drunken revelers, and I was to join them and drink too. As usual, I had expected to find cold tea in my glass—but for a joke—real champagne had been substituted. I remember only a sickening rush of horror as of some awful impending disaster. I know I screamed—but the next thing I remember was being home in bed. They told me I had rushed from the stage like a mad woman. That of course can be verified by the papers or by any member of that company."

The prosecutor laughed insolently. "And you," he taunted, "you who go mad at the smell of alcohol are yet sufficiently familiar with it to recognize real champagne—the moment you lift your glass?"

"I didn't KNOW it was champagne," she protested. "I merely knew it was wine of some kind. It's—it's the smell!"

"The bouquet is the term more frequently used," badgered the prosecutor. "And can you tell us some other occasions, Miss Page, when you drank in that perfume and—were overcome?"

The sneer in his voice was becoming a torture to Mary. She felt like one bending herself against a stone wall. She was bruised and weary, and her agony found vent in a sudden pathetic little cry:

The Aches of House Cleaning

The pain and soreness caused by bruises, over-exertion and straining during house cleaning time are soothed away by Sloan's Liniment. No need to suffer this agony. Just apply Sloan's Liniment to the sore spots, rub only a little. In a short time the pain leaves, you rest comfortably and enjoy a refreshing sleep. One grateful user writes:

"Sloan's Liniment is worth its weight in gold." Keep a bottle on hand, use it against all soreness, neuralgia and bruises. Kills pain. 25c at your druggist. tta-w

The "Barefoot" Tire—and Why.

CONSIDER now the means by which many Tires have been given maximum Traction,—i.e., by means of a "sandpaper" texture in the Rubber of their Anti-Skid Treads.

Every time the Brakes are put on, to make such Tires grip the road, the relatively hard, unyielding, and comparatively brittle, texture of the Rubber in their Treads causes these Treads to grind away on the pavement, to WEAR OUT fast at the point of contact.

The sudden efficiency of their grinding-Traction also tugs so sharply on the Rubber Adhesive between the layers of Fabric in Tire as to separate these layers.

There is little "give" to them—just as there is little "slide" to them.

So, they gain Traction at the expense of Mileage.

Naturally such Tires require a great BULK of such Rubber in order to deliver reasonable Mileage before worn out.

And, therein they differ radically from GOODRICH "Barefoot" Tires.

Because,—the Safety-Tread on Goodrich Tires is made of "Barefoot-Rubber," a new, and exclusive compound which discards unnecessary whitish "frictional" ingredients that are heaviest and inert, as proved by their lighter weight.

HERE is how it acts in Automobiling.—

—When the weight of the Car bears on this clinging "Barefoot-Rubber" Tread, and the power is applied to go ahead or reverse, the wonderful stretch in the "Barefoot" Rubber Sole (or Tread) of the Goodrich Tire acts as a sort of Lubricant between the Fabric Structure of the Tire and the Road.

Then, the Barefoot-Rubber "Toes," of the Goodrich Safety-Tread Tire, CLING to the pavement (instead of grinding against it), in such manner as your Bare Foot would cling to a slippery surface—without Grind, and so, with the minimum of Frictional Heat or Wear for maximum Traction.

Goodrich "Barefoot-Rubber" is now made into Goodrich FABRIC Tires,—Goodrich Silvertown Cord Tires,—Goodrich Inner Tubes,—Goodrich Truck Tires,—Goodrich Motor Cycle, and Bicycle, Tires, as well as into Goodrich Rubber Boots, Over-Shoes, Soles and Heels.

Get a Sliver of it from your nearest Goodrich Branch, or Dealer. Stretch it thousands of times, but break it you can't.

That's the Stuff that GOODRICH Black-Tread Tires are made of.

HUNTER KILLS COMPANION

Tragedy Results From Forgetting to Give Signals.

Bozeman, Mont., May 13.—Mistaking a movement in the brush for a bear and her cub's E. O. Holstad, a rancher of this section, began pumping shots into the brush, one bullet striking Samuel Conboy and killing him. Both men were beating the brush for bear and had agreed to keep in touch with each other by imitating hoots of owl. Conboy in his excitement forgot to hoot.

Not Always Desirable.

"Shall we advertise for a man with experience?"

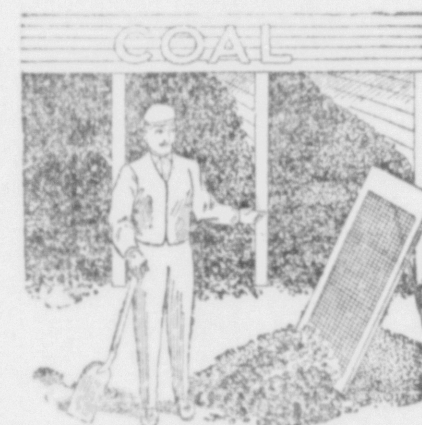

"Well, I don't know. The last man had so much experience that we couldn't reach him anything." Pitts barga Paid.
